To be covered, a Prescription Drug must be Medically Necessary. Certain Prescription Drugs require Prior Approval from VIVA HEALTH or its designee to be covered. Members are responsible for the payment of Copayments, Coinsurance (if applicable), and any Ancillary Charges before VIVA HEALTH makes payment.
- III. Annual Maximum, Coinsurance, Copayments and Ancillary Charges.**

The benefits payable under this outpatient Prescription Drug rider are limited to the Annual Maximum (if any) specified in Attachment A per member per Calendar Year and count toward the Lifetime Maximum stated in the Certificate of Coverage. The Member Coinsurance (if applicable), Copayments and Ancillary Charges described below do not count against the Annual Maximum.

For Biological Drugs, Biotechnical Drugs, and Specialty Pharmaceuticals, a Coinsurance

may apply. If so, Coinsurance may be limited to an annual out-of-pocket cost per Member per Calendar Year. Please see Attachment A for a description of Coinsurance levels (if applicable) and any out-of-pocket maximum. A list of these drugs can be found on the VIVA Health website at [www.vivahealth.com](http://www.vivahealth.com) or by calling Customer Service. These medications are limited to a 31-day supply per prescription.

For other outpatient Prescription Drugs, the Member must pay the applicable Copayment amounts per Prescription Order or Refill. The Member must also pay the Ancillary Charge if applicable. The ancillary charge applies regardless of the reason the Brand name medication is selected over the Generic. If the Prescription Drug cost is less than the Copayment, the Member pays the Prescription Drug cost. Refer to Attachment A for Coinsurance (if applicable) and Copayment amounts.

The Plan may receive rebates for certain Brand-Name Prescription Drugs. Rebates are not considered in the calculation of any Coinsurance. The Plan is not required to, and does not, pass on amounts payable to the Plan under rebate or similar programs to Members.

**IV. Generic Substitution.** Brand name drugs which have FDA "A" or "AB" rated Generic equivalents available will be dispensed generically. "A" or "AB" rated Generics are those Generics that are proven to be equivalent to the brand name product. If a physician indicates "Dispense as Written" or if a Member insists on a specific Brand-Name for a Prescription Drug with a Generic equivalent available, the Member must pay an Ancillary Charge equal to the difference between the cost of the Generic equivalent and the cost of the Brand-Name drug, in addition to the applicable Copayment.

**V. Identification Card.** In order for Prescription Drugs to be covered, you must show your Member Identification Card at the time you obtain your Prescription Drug. If you do not show your Member Identification Card, you will be required to pay the full cost of the Prescription Drug and may then seek reimbursement from VIVA HEALTH or its designee for the amount that would have been paid under the Plan. Reimbursement is only available for Prescription Drugs that qualify for benefits as described in Section II.

**VI. Limitations:**

A. Prescription Drugs will be dispensed in a quantity not to exceed a 31-day supply of medication (90-day supply if mail order option is available and utilized). Biological Drugs, Biotechnical Drugs, and Specialty Pharmaceuticals are not covered without Prior Approval.
- D. VIVA HEALTH reserves the right to limit a Member's selection of Participating Pharmacies or to require a Member to select a single Participating Pharmacy to provide and coordinate all pharmacy services for the Member.
