

VIVA Health Advanced Formulary with Value Generics

The **VIVA Health Advanced Formulary with Value Generics** is a guide within select therapeutic categories for clients, plan members and health care providers. **Generics should be considered the first line of prescribing.** If there is no generic available, there may be more than one brand-name medicine to treat a condition. These preferred brand-name medicines are listed to help identify products that are clinically appropriate and cost-effective. Generics listed in therapeutic categories are for representational purposes only. This is not an all-inclusive list. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*.

Generic medications may be available at two different copayment levels. Value Generics will process at a lower Tier 1 copay. All other generics will process at the standard generic copay. Value Generics are indicated by the notation **VG**, however not all strengths or dosage forms of the identified medication may be available as a Value Generic. Please visit www.vivahealth.com for a complete list of available Value Generic medications and for specific information regarding your prescription benefit coverage and copay¹ information.

PLAN MEMBER

Your benefit plan provides you with a prescription benefit program administered by CVS Caremark®. Ask your doctor to consider prescribing, when medically appropriate, a preferred medicine from this list. Take this list along when you or a covered family member sees a doctor.

Please note:

- Your specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the U.S. Food and Drug Administration (FDA) may not be covered upon release to the market.
- You will be responsible for the full cost of products that are excluded from coverage.
- CVS Caremark may contact your doctor after receiving your prescription to request consideration of a drug list product or generic equivalent. This may result in your doctor prescribing, when medically appropriate, a different brand-name product or generic equivalent in place of your original prescription.
- In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market.

HEALTH CARE PROVIDER

Your patient is covered under a prescription benefit plan administered by CVS Caremark. As a way to help manage health care costs, authorize generic substitution whenever possible. If you believe a brand-name product is necessary, consider prescribing a brand-name on this list.

Please note:

- Generics should be considered the first line of prescribing.
- This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. The member's specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. Products recently approved by the FDA may not be covered upon release to the market.
- The member's prescription benefit plan may have a different copay for specific products on the list.
- Unless specifically indicated, drug list products will include all dosage forms.
- Log in to www.vivahealth.com to check coverage and copay information for a specific medicine.

ANALGESICS

§ NSAIDs

diclofenac sodium
meloxicam **VG**
naproxen **VG**

§ NSAIDs, COMBINATIONS

diclofenac sodium-
misoprostol

§ NSAIDs, TOPICAL

diclofenac sodium solution
VOLTAREN GEL

§ COX-2 INHIBITORS

celecoxib

**ANTINEOPLASTIC
AGENTS**

§ ALKYLATING AGENTS

temozolomide
ALKERAN
CYCLOPHOSPHAMIDE
HEXALEN
LEUKERAN
MYLERAN

§ ANTIMETABOLITES

capecitabine
mercaptopurine
TABLOID
TREXALL

HORMONAL
ANTINEOPLASTIC AGENTS

§ ANTIANDROGENS

bicalutamide
flutamide
ZYTIGA

§ ANTIESTROGENS

tamoxifen
FARESTON
FASLODEX

§ AROMATASE INHIBITORS

anastrozole
exemestane
letrozole

§ LUTEINIZING HORMONE-
RELEASING HORMONE
(LHRH) AGONISTS

leuprolide acetate
LUPRON DEPOT
TRELSTAR
ZOLADEX

§ PROGESTINS

megestrol acetate **VG**

IMMUNOMODULATORS

REVLIMID
THALOMID

§ KINASE INHIBITORS

imatinib mesylate
AFINITOR
BOSULIF
NEXAVAR
SPRYCEL
SUTENT
TARCEVA
TYKERB
VOTRIENT

§ MISCELLANEOUS

bexarotene capsule
etoposide
hydroxyurea
tretinoin capsule
LYSDREN
MATULANE
VISTOGARD
ZOLINZA

CARDIOVASCULAR

§ ACE INHIBITORS

fosinopril **VG**
lisinopril **VG**
quinapril **VG**
ramipril

§ ACE INHIBITOR /
DIURETIC COMBINATIONS

fosinopril-hydrochlorothiazide
lisinopril-
hydrochlorothiazide **VG**
quinapril-hydrochlorothiazide

§ ADRENOLYTICS,
CENTRAL

clonidine **VG**
clonidine transdermal
guanfacine **VG**

§ ALDOSTERONE
RECEPTOR ANTAGONISTS

eplerenone
spironolactone **VG**

§ ALPHA BLOCKERS

doxazosin **VG**
terazosin **VG**

§ ANGIOTENSIN II
RECEPTOR ANTAGONISTS /
DIURETIC COMBINATIONS

candesartan / candesartan-
hydrochlorothiazide
eprosartan
irbesartan / irbesartan-
hydrochlorothiazide
losartan / losartan-
hydrochlorothiazide
telmisartan / telmisartan-
hydrochlorothiazide
valsartan / valsartan-
hydrochlorothiazide
BENICAR / BENICAR HCT

XENAZINE	<i>tetrabenazine</i>	ZYVOX	SIVEXTRO
XENICAL	BELVIO, CONTRAVE, SAXENDA		

FOR YOUR INFORMATION: Generics should be considered the first line of prescribing. This drug list represents a summary of prescription coverage. It is not all-inclusive and does not guarantee coverage. New-to-market products and new variations of products already in the marketplace will not be added to the formulary until the product has been evaluated, determined to be clinically appropriate and cost-effective, and approved by the CVS Caremark Pharmacy and Therapeutics Committee (or other appropriate reviewing body). In most instances, a brand-name drug for which a generic product becomes available will be designated as a non-preferred option upon release of the generic product to the market. Specific prescription benefit plan design may not cover certain products or categories, regardless of their appearance in this document. The member's prescription benefit plan may have a different copay for specific products on the list. Unless specifically indicated, drug list products will include all dosage forms. This list represents brand products in CAPS, branded generics in upper- and lowercase *Italics*, and generic products in lowercase *italics*. Generics listed in therapeutic categories are for representational purposes only. Listed products may be available generically in certain strengths or dosage forms. Dosage forms on this list will be consistent with the category and use where listed. Log in to www.vivahealth.com for a complete list of available Value Generic medications and to check coverage and copay information for a specific medicine.

* The preferred options in this list are a broad representation within therapeutic categories of available treatment options and do not necessarily represent clinical equivalency.

§ Generics are available in this class and should be considered the first line of prescribing.

VG Value Generic: Will process at a lower Tier 1 copay. All other generics will process at the standard generic copay. Not all strengths or dosage forms of the identified medication may be available as a Value Generic.

¹ Copayment, copay or coinsurance means the amount a member is required to pay for a prescription in accordance with a Plan, which may be a deductible, a percentage of the prescription price, a fixed amount or other charge, with the balance, if any, paid by a Plan.

² Listing does not include generic CARDIZEM LA.

³ These medications may have quantity limitations.

⁴ Listing does not include generic GLUMETZA.

⁵ An exception process is in place for specific clinical or regulatory circumstances that may require coverage of an excluded medication.

This document contains references to brand-name prescription drugs that are trademarks or registered trademarks of pharmaceutical manufacturers. Listed products are for informational purposes only and are not intended to replace the clinical judgment of the prescriber. The document is subject to state-specific regulations and rules, including, but not limited to, those regarding generic substitution, controlled substance schedules, preference for brands and mandatory generics whenever applicable.
